GSA FORM 6751 AUG 70

GENERAL SERVICES ADMINISTRATION
NATIONAL ARCHIVES AND RECORDS SERVICE

EXPLANATION OF ORDER FOR PHOTOCOPIES

The August 1970 edition of this form supersedes all previous editions of GSA Form 6751 and NAR Form 288. Destroy all existing stocks of previous editions of GSA Form 6751 and all stock of NAR Form 288.

Use this form to order photocopies of records of veterans who served in the United States or Confederate armed forces. These records include:

Pension application files based on United States (not State) service before World War I.

Bounty-land warrant application files based on United States (not State) service before 1856.

Pension or bounty-land warrant application files usually include an official statement of the veteran's military or naval service, as well as information of a personal or genealogical nature. If we find such a file, we send copies of the documents we think will be most useful to you. If we do not find a file, we refund your money.

Military service records based on service in the United States Army (officers who served before June 30, 1917, enlisted men before October 31, 1912), Navy (officers and enlisted men who served before 1886), Marine Corps (officers and enlisted men who served before 1896), and Confederate armed forces (1861-65). If we do not find a file, we refund your money.

Military service records rarely contain family information. The record of a man's service in any one organization is entirely separate from the record of his service in any other organization. We are ordinarily unable to accurately establish the identity of men of the same name who served in different organizations. If you know that a man served in more than one organization and you desire copies of his military service record, submit a separate form and $1 fee for the service record in each organization.

More information about these records may be found in the following free General Information Leaflets:

No. 5. Genealogical Records in the National Archives.

No. 8. Pension and Bounty-Land Warrant Application Files in the National Archives.

No. 9. Compiled Military Service Records in the National Archives.

No. 10. Records in the National Archives Relating to Confederate Soldiers.

Send the completed form with your check or money order payable to GSA (NNCS) to the address on the front of the form. When sending more than one form at a time, you may submit a single check or money order covering all the requests. Each order will be handled separately; you may not receive all your replies at the same time.
